Notes: Rows and columns may not add up due to rounding and/or incorporation of miscellaneous programs/projects.

- a. CSF is Pentagon funding to reimburse Pakistan for its support of U.S. military operations. It is not officially designated as foreign assistance, but is counted as such by many analysts.
- b. The great majority of NADR funds allocated for Pakistan are for anti-terrorism assistance.
- c. Congress authorized Pakistan to use the FY2003 and FY2004 ESF allocations to cancel a total of about \$1.5 billion in concessional debt to the U.S. government. From FY2005-FY2007, \$200 million per year in ESF was delivered in the form of “budget support” — cash transfers to Pakistan. Such funds will be “projectized” from FY2008 on.
- d. P.L.480 Title I (loans), P.L.480 Title II (grants), and Section 416(b) of the Agricultural Act of 1949, as amended (surplus agricultural commodity donations). Food aid totals do not include freight costs.
- e. Includes \$220 million for Peacekeeping Operations reported by the State Department.
- f. Includes \$25 million for Emergency Refugee and Migration assistance.
- g. Includes \$70 million in International Disaster and Famine Assistance funds for Pakistani earthquake relief.
- h. Includes CSF payments for support provided through August 2007.
- i. Division L of the Consolidated Appropriations Act, 2008 (P.L. 110-161), appropriated \$300 million for FY2008 CSF payments to all cooperating nations. Pending payments to Pakistan total \$223 million for support provided through December 2007. The National Defense Authorization Act for FY2008 (P.L. 110-181) authorizes up to \$1.2 billion in total CSF payments to “any key cooperating nation” in connection with U.S. military operations in Iraq or Afghanistan. To date, no CSF requests have been made for FY2009.
- j. Includes a supplemental appropriation of \$60 million for ESF.
- k. This funding is “requirements-based” for “urgent and emergent threats and opportunities.” Thus, there are no pre-allocation data.
- l. Includes bridge requests of \$100 million for FMF, \$70 million for ESF, \$16 million to support additional USAID staff in Pakistan, and \$7 million for diplomatic and consular operations in the Federally Administered Tribal Areas.
